

1-28: Caution! Use ONLY as a guide. The fly shield pattern must be drafted from its front pant pattern.

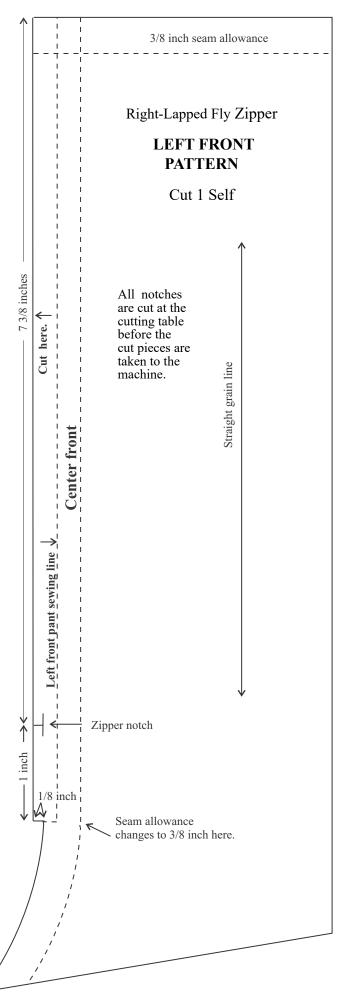

1-29: Caution! Use ONLY as a guide. The fly facing pattern must be drafted from its front pant pattern.

3/8 inch seam allowance Right-Lapped Fly Zipper **RIGHT FRONT PATTERN** If cutting only one or two pairs, cut here. Cut 1 Self For mass-production, cut the right front here. All notches are cut at the cutting table before the cut pieces are taken to the machine. Straight grain line If cutting only one or two pairs of pants, use the 1/2 inch seam allowance. Trim 1/4 inch away after the fly facing is sewn to the pant front. Zipper notch Right front mass-production cutting line 1/8 inch Seam allowance changes to 3/8 inch here.

1-30: Caution! Use ONLY as a guide.

The right front pattern is marked *Cut 2* so the cutters know there is another pattern like it in the stack.

If 1/4 inch of the right front pattern's 1/2 inch front seam line is cut away for mass-production, both the right front and the left front patterns are marked *Cut 1 Self*.

1-31: Caution! Use ONLY as a guide.

The left front pattern is marked *Cut 2* so the cutters know there is another pattern like it in the stack.

If 1/4 inch of the right front pattern's 1/2 inch front seam line is cut away for mass-production, both the right front and the left front patterns are marked *Cut 1 Self*.
